

LPP0D - Task #2669

Write post-proc functions

27/02/2018 03:10 PM - Florian Marmuse

Status:	New	Start date:	27/02/2018
Priority:	Normal	Due date:	16/03/2018
Assignee:	Florian Marmuse	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
revision:	r0		
Description			
All functions previously written as thrust(u) should be rewritten. Given that there is no normalization anymore, this can be done independently from the solver.
