JUICE-SCM/Ground Segment - Task #4029

Task # 4024 (New): Première version calibration python

Extract and export cdf file

15/02/2023 04:53 PM - Theo Stassen

Status:	In Progress	**Start date:**	15/02/2023
Priority:	Normal	**Due date:**	22/02/2023
Assignee:	Theo Stassen	**% Done:**	50%
Category:		**Estimated time:**	0.00 hour
Target version:		**Spent time:**	0.00 hour
revision:	r0		

Description

Get a code in python that extract a cdf file to xarray, get data/metadata from xarray, possibly modify data, and export the xarray into a new cdf file.
Compare the input and output cdf file, must be exactly the same (except real time metadata)

History
