

JUICE-SCM/Ground Segment - Task #4102

Task # 4024 (New): Première version calibration python

Config Handler and config files modifications / improvements

30/05/2023 11:35 AM - Theo Stassen

Status:	Resolved	Start date:	24/05/2023
Priority:	Normal	Due date:	26/05/2023
Assignee:	Theo Stassen	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
revision:	r0		
Description			
(default -> init, with a better defined structure, current -> custom, convolution window and padding + calfactor gestion added, JUICE basic case implemented, now deduce parameters used before custom, etc)
