

SciQLOP - Feature #640

Feature "Same As" for data time selection

01/03/2016 05:46 PM - Anonymous

Status:	New	Start date:	01/03/2016
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	legacy	Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Story points:			
Description This feature needs improvement in the database and in the way data are stored in order to be deployed. Missing points : <ul style="list-style-type: none">• start and stop dates of data in the database are not stored in metadata, so we need to develop something to provide access to it.• in the case of data extracted from direct files, it is necessary to check deep inside metadata to access start and stop time (especially for cdf files).
