revision:	r0	blocked:	No
Description			
I have difficulties to set a minimum size for a plot.			
I tried to reimplement sizeHint, minimumSizeHint, and to call setMinimumSize without success.			

History

#1 - 20/06/2016 01:49 PM - Anonymous

Problem solved.
QChartView is setting its minimum size to the QChart minimum size.
I changed the chart minimum size and everything works fine now.

#2 - 29/06/2016 09:51 AM - Anonymous

- Status changed from New to Resolved

Fixed this issue by giving a minimum size to the chart in Plot::initPlot
and adding setSizePolicy(QSizePolicy::MinimumExpanding, QSizePolicy::MinimumExpanding) in CustomChartView
